As is known, the Fire Dep't. is composed of Rumney men all services of which are volunteered. We feel they have done a splendid job, being a small company and working under adverse conditions. The citizens of Rumney are to be commended for their contributions to the suppers and various ways they have helped the boys to earn money for the Department outside of appropriations from the town.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Rumney:

I submit my eighth annual report as Superintendent of Schools. The statistical report of the year 1936-1937 appears at the end of this report.

Two changes occurred in the teaching staff since my last report. Mrs. Doris R. Ray resigned at Stinson Lake and Mrs. Nellie R. Baker at West Rumney. Marguerite Daigneau of Holderness is teaching at Stinson Lake. Miss Daigneau is a graduate of Plymouth Normal School and a promising teacher. Vernon J. Perkins of Lyme is teaching at West Rumney. He is a graduate of the Keene Normal School and doing successful work in a rather difficult position. The school is large, but the discipline is good, and the children are learning. It seems inexpedient to make any radical change in the operation of the school unless the enrollment increases. No estimate of transient pupils can be made, but the local enrollment seems to remain fairly constant.

Prize speaking for the upper grades was held in the fall, and it is planned to hold the primary speaking in March. The resumption of interest in public speaking throughout the district is commendable. A generation ago lawyers and legislators were about the only people presumed to be called on to speak in public, but today all worthwhile vocations make it desirable. One should be able to speak in public if they are to go ahead and become leaders in community, fraternal, professional, and business life. It is my hope that many parents will urge their children to compete in the preliminary and final contests. The experience for every child is invaluable whether they win a prize or not. The world will soon forget who wins the prizes but the acquired ability to speak on one's feet will be an invaluable asset throughout life.

Since my last report a new chimney was made at the Village school, the ceiling at Stinson Lake painted, and at the Depot school new steps were made and the primary room and hall painted. At the Mont View school a new concrete porch was made. The partition to the front closet was taken down, making more space available either for a stage or pupils to study and do reference work. The Parent-Teachers Club placed a piano in the Depot grammar room last spring and has been quite active during the past year. A gift of an organ from Mrs. Earl Barney has been placed in the school at Stinson Lake and was much appreciated.

Respectfully submitted,

Rumney, N. H. Jan. 31, 1938
